

Winter 2012

Dear Student:

The Princeton Review is pleased to inform you about our continuing partnership with the Shore Regional High School. Through this relationship we are able to bring an affordable, dynamic, fun, and efficient SAT preparation program— *The SAT Classroom Course* — to Shore Regional High School students at the **discounted rate of only \$499!** We will be offering courses to prepare for the upcoming May 5th SAT with our course starting in late March.

Let's face it. We would all love to live in a world where the SAT didn't exist. But, since you have to take it, you should be prepared to ace it. The tremendous success that Princeton Review students achieve can be attributed to the care we have taken in designing our program. No other course offers you:

- **18 hours** of classroom preparation with superior coaching that focuses on all the important concepts, skills, and strategies you need to test with confidence and score higher.
- **4 full-length practice SAT tests** to ensure students get the practice they need and gain the confidence to relax during the actual SAT.
- **Guaranteed satisfaction with your scores** because our instructors will keep you focused on the areas of the exam where you can gain the most points. **And if you aren't satisfied with your results, we'll work with you again for free.***
- **Free extra help** with your expert instructor, and access to our exclusive, Princeton Review Online Student Center 24/7.
- **Discounted tuition** for SRHS students if they take the course at their school. Our regular tuition is \$599, but through our partnership, all Shore Regional High School students **pay only \$499.**

In addition to the *SAT Classroom* courses, The Princeton Review also offers other programs such as private tutoring, small group instruction and online courses to prepare you for the SAT, ACT, AP exams, college admissions, and academic subjects. **If you're confused about your options or if you'd like to reserve a space in one of our courses, give us a call at 800-2Review and speak with one our test prep advisors.** We'll help you navigate these tricky waters, and help you figure out the best preparation option for you. Don't let the rest of the school year fly by without thinking about how you will prep for the SAT. If the SAT is in your future, The Princeton Review should be too!

To register for this course please visit us online at PrincetonReview.com or call us at 800-2Review (800-273-8439) and use the special promotional code: **H6ZSH\$** to receive your discount.

Very truly yours,

A handwritten signature in black ink that reads "Dan Coggs".
