Re: Move to virtual instruction effective 10/26/2020

Good morning,

As you know, on the afternoon of Friday, October 23, the Shore Regional HS administration was notified that there was a possibility that one of our school community members may have been positive for COVID-19. Notification was sent to faculty and staff as well as those who were identified as possibly being in "close contact" which is defined as within six feet for 15 minutes or longer. In conjunction with this notification, co-curricular/athletic program(s) impacted by this notification were suspended immediately.

On Saturday, October 24, the "presumptive" was confirmed positive.

Given the evolution of this situation, and with an abundance of caution, Shore Regional High School will switch to an "all virtual" program effective Monday, October 26 through November 4, 2020. The football program has been "shut-down" for a two-week period and may resume activities on Wednesday, November 4. All other athletic teams are able to resume activities on Monday, October 26.

As always, but especially during this time, it is of high importance that school community members remain vigilant regarding symptoms and social distancing guidelines. Should anyone exhibit symptoms, he/she should contact a physician. Should anyone test positive, he/she should notify our school health office by emailing [psmith@shoreregional.org](mailto:psmith@shoreregional.org)

Our hope and intent is to return safely to our hybrid format on November 9, however, the situation will be monitored closely. Additional communication may be sent as we get more information.

Thank you for your continued support and understanding as we navigate through these difficult times.

Vin DalliCardillo
