SCHOOL ACTIVITY FUNDS

School activity funds (funds derived from students' activities) shall be audited annually along with other district funds and shall be administered, expended, and accounted for according to rules of the state board of education.

The different student activity funds shall be kept in separate accounts, supervised by the principal. Separate and complete records shall be maintained for each student organization. All receipts from student fund-raising projects, athletic events, and other events for which admission is charged will be deposited promptly. Bank deposits shall agree with the receipts in the case receipt book and shall be traceable to definite receipts or groups of receipts. Student participation in the management of activity funds shall be encouraged to promote skill development in responsible accounting and management of money.

Disbursements must be made by check signed by the principal and supported by a claim, bill or written order to persons supervising the fund. Checks shall bear two or more authorized signatures. All disbursements shall be recorded chronologically showing the date, vendor, check number, purpose and amount.

Borrowing from the student activity accounts is prohibited.

An account shall be submitted monthly to the business administrator/board secretary and shall include a listing of all receipts and disbursements. Book balances shall be reconciled with bank balances. Cancelled checks and bank statements shall be retained for examination as part of the annual audit required by law and code.
