

## COVID-19 Online Learning Expectations **for students**

Class participation and attendance is expected of each/every student during the time that they would regularly meet in each respective class on their schedule.

Attendance will be taken by the teacher(s) and reported into the Realtime Student Information System.

Teacher verification of student attendance may occur in the form of, but not limited to, the following:

- Shared document with student sign in
- Post/response to teacher “Do Now” assignment
- Activity reaction/response

Online assignments, posts, discussions and/or projects will be conducted/assigned by teachers during the timeframe of the scheduled class.

Students are expected to be an active participant in each class during the timeframe that it is regularly scheduled.

If a student does not participate in a class assignment/activity **during the actual time frame of the class** they will be marked absent and/or not receive grade/credit for the assignment.

Assessment, evaluation and grade entry into the online gradebook is expected as would normally occur.
