May 16, 2022

Dear Parents and Guardians of Rising Grade 9 Students:

It is my hope that this letter finds you and your family well. This is an exciting time for your family as you celebrate the end of your child's K-8 experience. The high school is looking forward to your child's arrival.

Summer assignments for English and Mathematics will be posted on our district's website on the curriculum and instruction page found [HERE](#). Rising ninth graders will be assigned reading and journaling assignments for their English class and math review assignments through the Delta Math platform for their Mathematics class. Shore Regional will assign the students a Delta Math account and provide students with the opportunity to pick up their district-assigned Chromebooks to use for their summer assignments between June 23rd - 28th at Shore Regional.

The first step is to complete the attached **Acceptable Use Policy (AUP)** [HERE](#) and **ChromeBook Insurance Forms (CB)** found [HERE](#) so that your child's account can be created. Kindly complete the form and return it to your child's school by Wednesday, June 1, 2022. You will then receive communication from Shore Regional that includes your child's email log-in information and access to the Delta Math platform. Course placement decisions will be communicated by the Guidance Department in June that confirms your child's math and English courses.

Finally, please be aware that SRHS is offering in-person Summer Math Readiness courses for College Prep Algebra I, Algebra II and Geometry to support students that will be enrolled in these courses this Fall. Courses will run from July 5-21, on Tuesday to Thursday mornings for 1.5 hours per day (total of 9 sessions.) Please see the details and form found [HERE](#) to sign-up.

Below is a summary of this information:

- June 1 - [AUP](#) & [CB Insurance Forms](#) are due to your child's school.
- June 10 - Summer assignments posted on the SRHS Curriculum page.
- June 10 - Course placement information emailed to parents from the Guidance Office.
- June 15 - Rising Grade 9 email address information sent to families (needed to register for Summer Math Google Classroom and Delta Math Program)
- June 23 - 24 & June 27 - 28 from 8:30am - 12pm - Chromebook pick-up (bring a check as detailed in the [AUP](#) and the [CB Insurance Form](#) if you still need to turn it in)
- July 5-21 - Summer Math Readiness In-person courses in Algebra I, Algebra II and Geometry. Designed for students entering college prep courses and open to all.

Please reach out to me in the Regional Curriculum Office with any questions that you may have. Please email kmartin@shoreregional.org or give us a call at any time.

Sincerely,
Dineen Seeley
