

Shore Regional High School District

Monmouth Beach – Oceanport – Sea Bright – West Long Branch

Dr. Lisa J. English
Superintendent

132 Monmouth Park Highway
West Long Branch, New Jersey 07764-1396
Telephone number 732-222-9300

August 2022

Dear Shore Regional School District School Community:

It is with great pleasure and a true honor to begin my new role as the leader of the prestigious Shore Regional School District. As a lifelong resident of Monmouth County, I truly recognize the regional learning community as a special place filled with many opportunities to support and enhance the lives of all students.

I am incredibly passionate and grateful to serve as your superintendent and I look forward to working collaboratively with students, families, community members, local businesses, and in partnership with the accomplished Shore Regional School District administration, faculty, and staff. As your leader, the vision and mission throughout my tenure will support only the highest level of insight to drive student success and high educational outcomes for all learners throughout their academic career. Our focus together will move our district from highly acclaimed notoriety, to monumental levels of expansion and futuristic growth where academic student achievement and a lens on transitioning students from school to career will always remain a top priority.

A few of my most important goals during the beginning of the 2022-2023 school year will include the analysis of district operations, a commitment to being visible in the hallways and active in classrooms to explore great teaching and learning, and to attend district and local events to see the many points of pride within our school community. I look forward to listening to each of you share your ideas and suggestions, and I am elated to be a part of the positive energy and solid school culture already established throughout the district.

As outlined in my [Superintendent Entry Plan -July 2022](#), the fall of 2022 will bring new and exciting opportunities for district and school based initiatives. The collaborative work included in my entry plan will also outline the implementation steps for new focus groups and professional learning teams composed of district stakeholders who will continue to act as a catalyst to support “The Bridge to Future Innovation and Success”.

Thank you for entrusting me with the privilege to serve as the Superintendent of the Shore Regional School District.

Be well and stay safe!

Sincerely,
Dr. Lisa J. English

Working in collaboration with all stakeholders, we pursue a shared vision of a high quality regional high school that puts *students first*.

Our mission of the Shore Regional High School District is to produce altruistic graduates who are lifelong learners, equipped with unlimited capacity to compete in a superior manner.
