Re: Annual Notice of Asbestos Management

In accordance with the Asbestos Hazard Emergency Response Act (AHERA) regulations, Shore Regional conducts semi-annual inspections of all asbestos containing building materials and maintains a management plan for the school facility.

Under AHERA, school buildings must be re-inspected by a certified agency every three years and their findings incorporated into the management plan. The re-inspection will be completed this summer.

If you are interested in viewing the management plan, or have any questions regarding it, please feel free to call my office.

Sincerely,

Vincent G. DalliCardillo
Principal
