Shore Regional High School Technology Department

Chromebook Insurance Form/Waiver

- Student fee of \$50 would cover damage to the device.
 - “Damaged” is defined as hardware or software breakage that hinders the operation or functionality of the device while being used within the parameters of the Acceptable Use Policy. Damage that occurs through neglect, misuse or use outside the parameters of the AUP will be the responsibility of the student.
 - As stated in the handbook, any district-owned property that is damaged, misused or neglected is the responsibility of the parent/guardian/student.
 - Broken screens cannot be repaired by the Shore Regional Technology Department, therefore requiring a replacement Chromebook and insurance option/waiver is in effect.
- All damage to a device must be reported to the Assistant Principal’s Office immediately.
- If insurance is obtained and has not been used (a device has not been damaged), coverage will carry over to the following year.
- If a Chromebook breaks and is able to be repaired by the Shore Regional Technology Department, you will receive your repaired Chromebook back and the original insurance remains in place.
- In the event a Chromebook breaks and the insurance is utilized, the student has the option to purchase a new insurance policy for the replacement Chromebook for an additional \$50.
- Lost or stolen devices are not covered under this insurance policy. In these cases, students are required to pay the full price for the replacement from Shore Regional only and the cost is \$280.00.
- Damage caused by inappropriate usage or usage that violates the Acceptable Use Policy (AUP) is not covered by insurance. The Chromebook will follow the same policy as purchasing a replacement Chromebook and disciplinary action will be at the discretion of administration.
- If you were **not** insured for the original Chromebook, a \$280 replacement fee is required along with the option to insure the replacement Chromebook for \$50.

1st time break or repair: If insured your damaged Chromebook is covered. The option to insure the replacement Chromebook is available for a fee of \$50.

2nd time break or repair: If insured your second damaged Chromebook is covered. However, you WILL NOT have an option to insure the replacement Chromebook.

3rd time break or repair: The repair or replacement of the damaged Chromebook will be the responsibility of the student. The cost of replacement is \$280 and the check is made payable to Shore Regional High School. The privilege to take a Chromebook home for after school use will be **revoked**. A Chromebook will be assigned to your child with our “daily” sign in/out program. The assigned computer “must” be returned at the end of every school day and will be charged and ready for pick upon arrival each morning. Your child is responsible for “borrowed” Chromebook while in his/her possession.

Please initial on the line that applies to your preference:

- I would like to take advantage of the \$50 insurance policy for Google Chromebook.
- I waive my insurance rights and will incur all costs for replacement of my Chromebook.
